Community Survey

Executive Summary Common themes linking the survey answers together

Connectivity – on foot/by bike

- Improved signage
- More routes to be created – and make them safe

Our green spaces are precious

- Natural and wild, no litter
- Places to stop, sit and chat

Our Community

- Importance of clubs – knowing what's available and where
- Events across all ages
- Lots of volunteers wanting to help and support in the communities

Our Safety

- HGV Ban
- Slowing traffic/restrictions/cameras

Quick Wins

Project group to be set up covering signage across all communities - July

Improve planting using survey feedback across both communities – in progress

Use the Parish Council to facilitate what community groups are running and when – already started

Invite applications for funding of 'not for profit groups not already catered for in the villages – July

Engage with volunteers to help as soon as required – Done

Allocate more seating and bins across both villages – Project to scope June for September delivery

Harewood Road and Northgate lane footpaths resurfacing – completed

Tree preservation information to be forwarded to Leeds City Council for action plan on next steps

Delivering long term projects – measuring expectations

Highways and all feedback that is traffic related is very important to the majority of our residents and also the most difficult to influence and change

The Parish Council will publish a separate plan to investigate all the issues raised

We will publish information monthly from the Speed Indication devices to our website

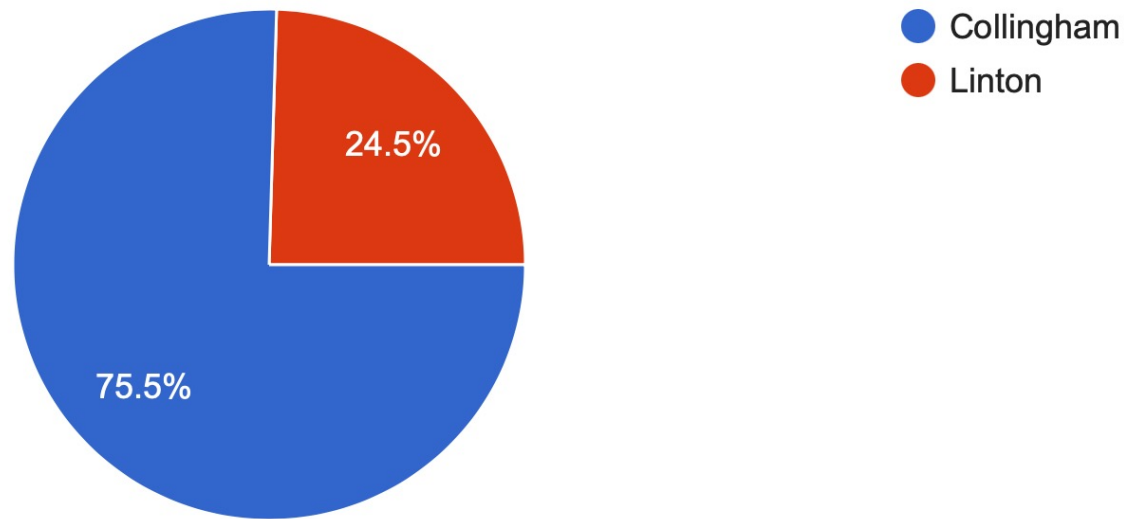

All other actions will be circulated following PC discussions

Community Survey March 2021

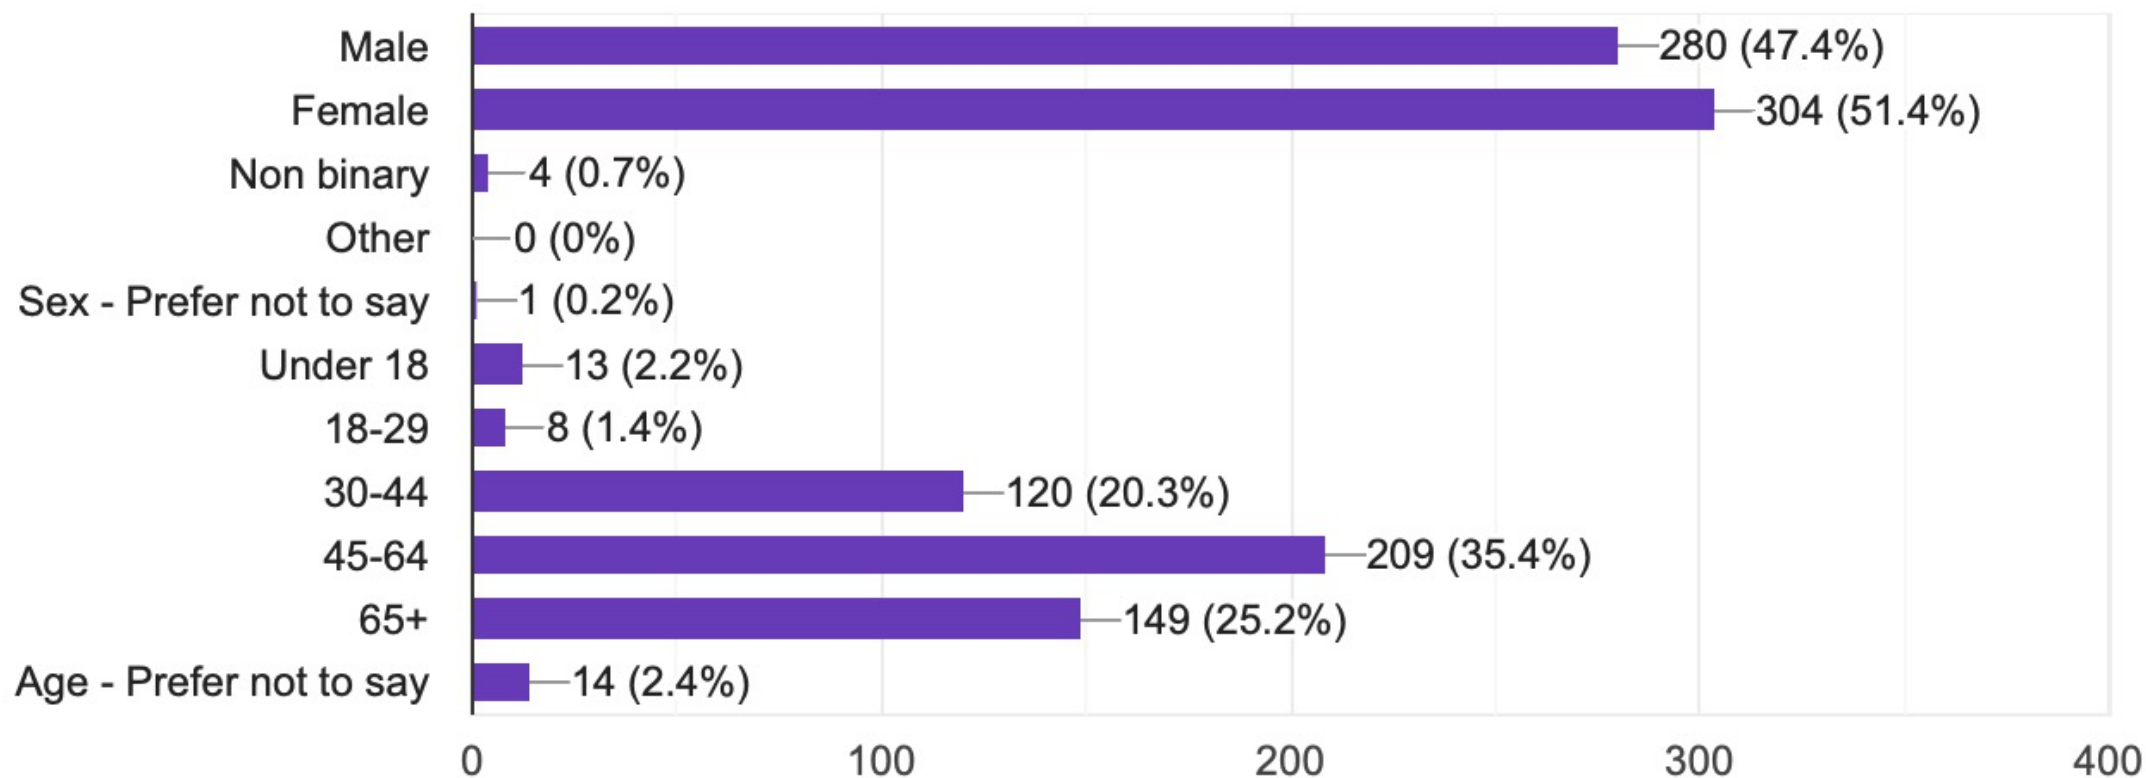

Collingham with Linton Parish Council

Q1. Which village do you live in.

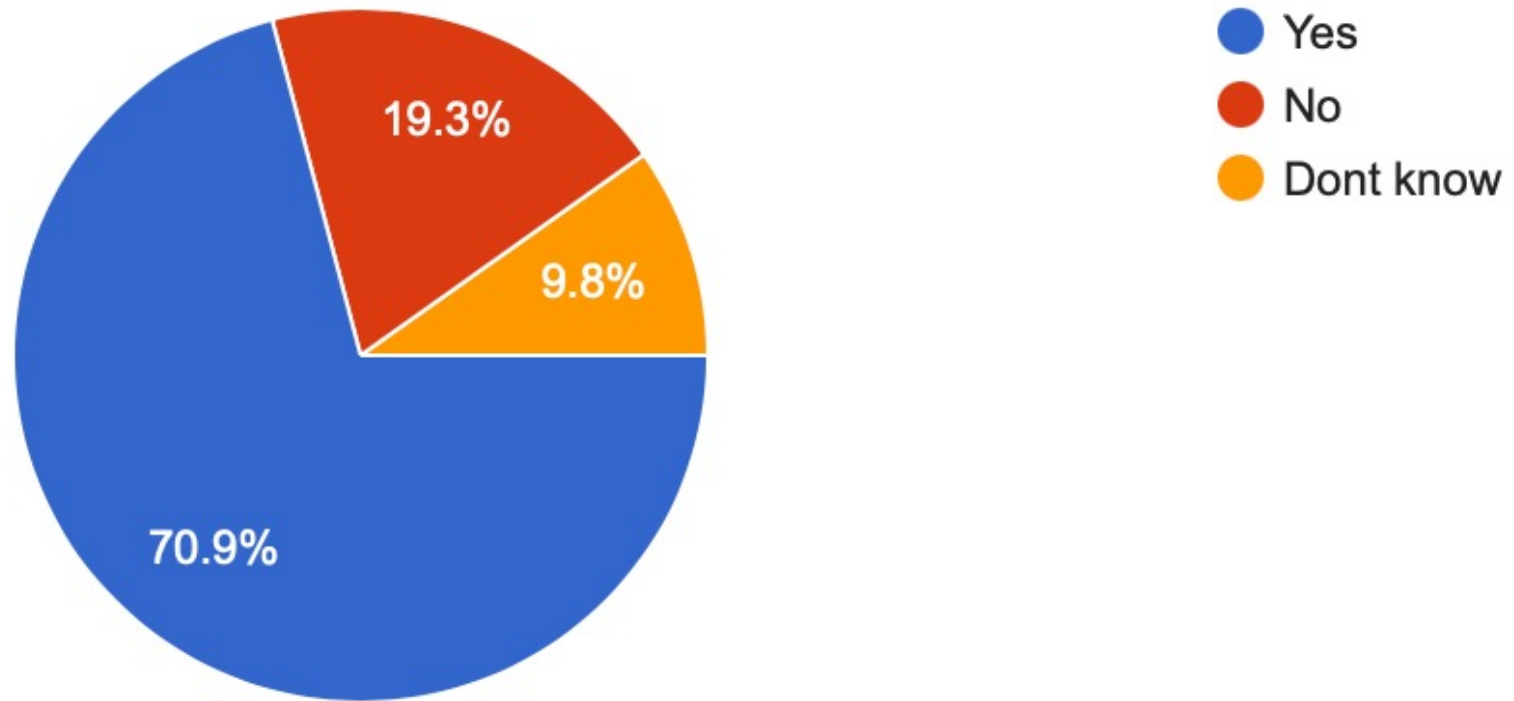

591 responses

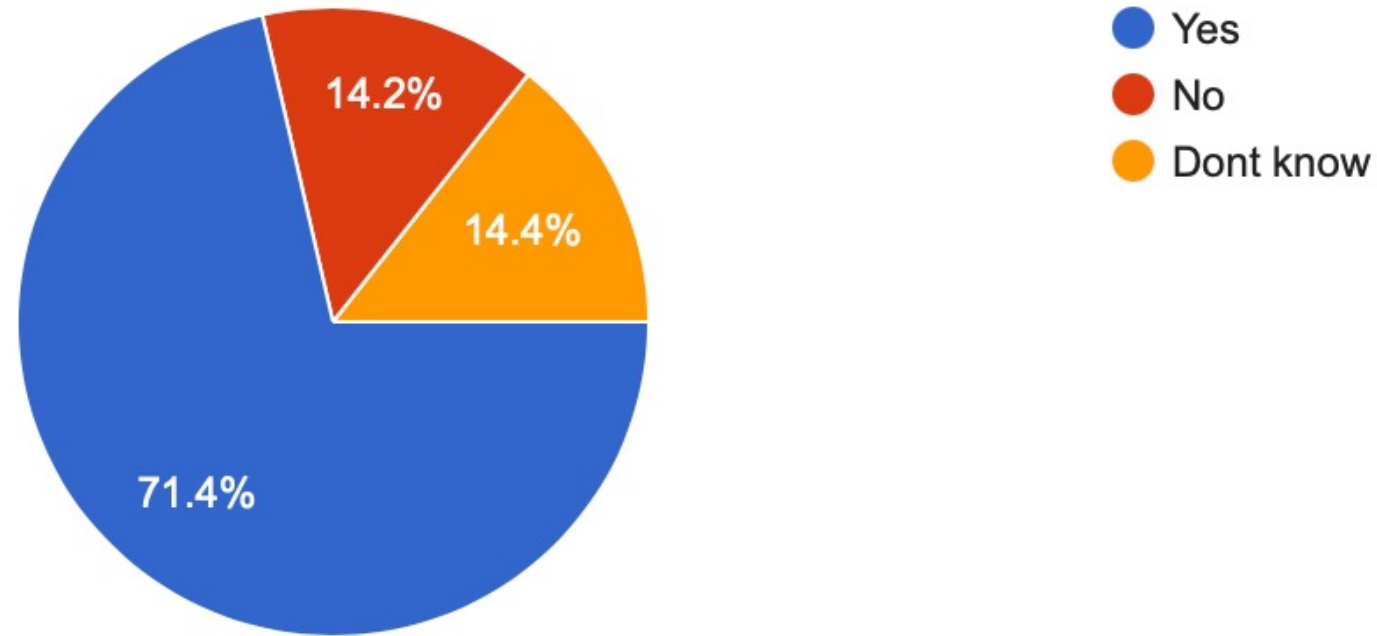

Q2. Please select from the following options

Q3. The car parks and footpaths surrounding Collingham shops were identified in the last survey as needing attention. They are privately owned. If buy-in and financial support from the landlords was forthcoming, would you support the Parish Council contributing to the improvements, by using some monies generated (Community Infrastructure levy or CIL) from new housing developments?

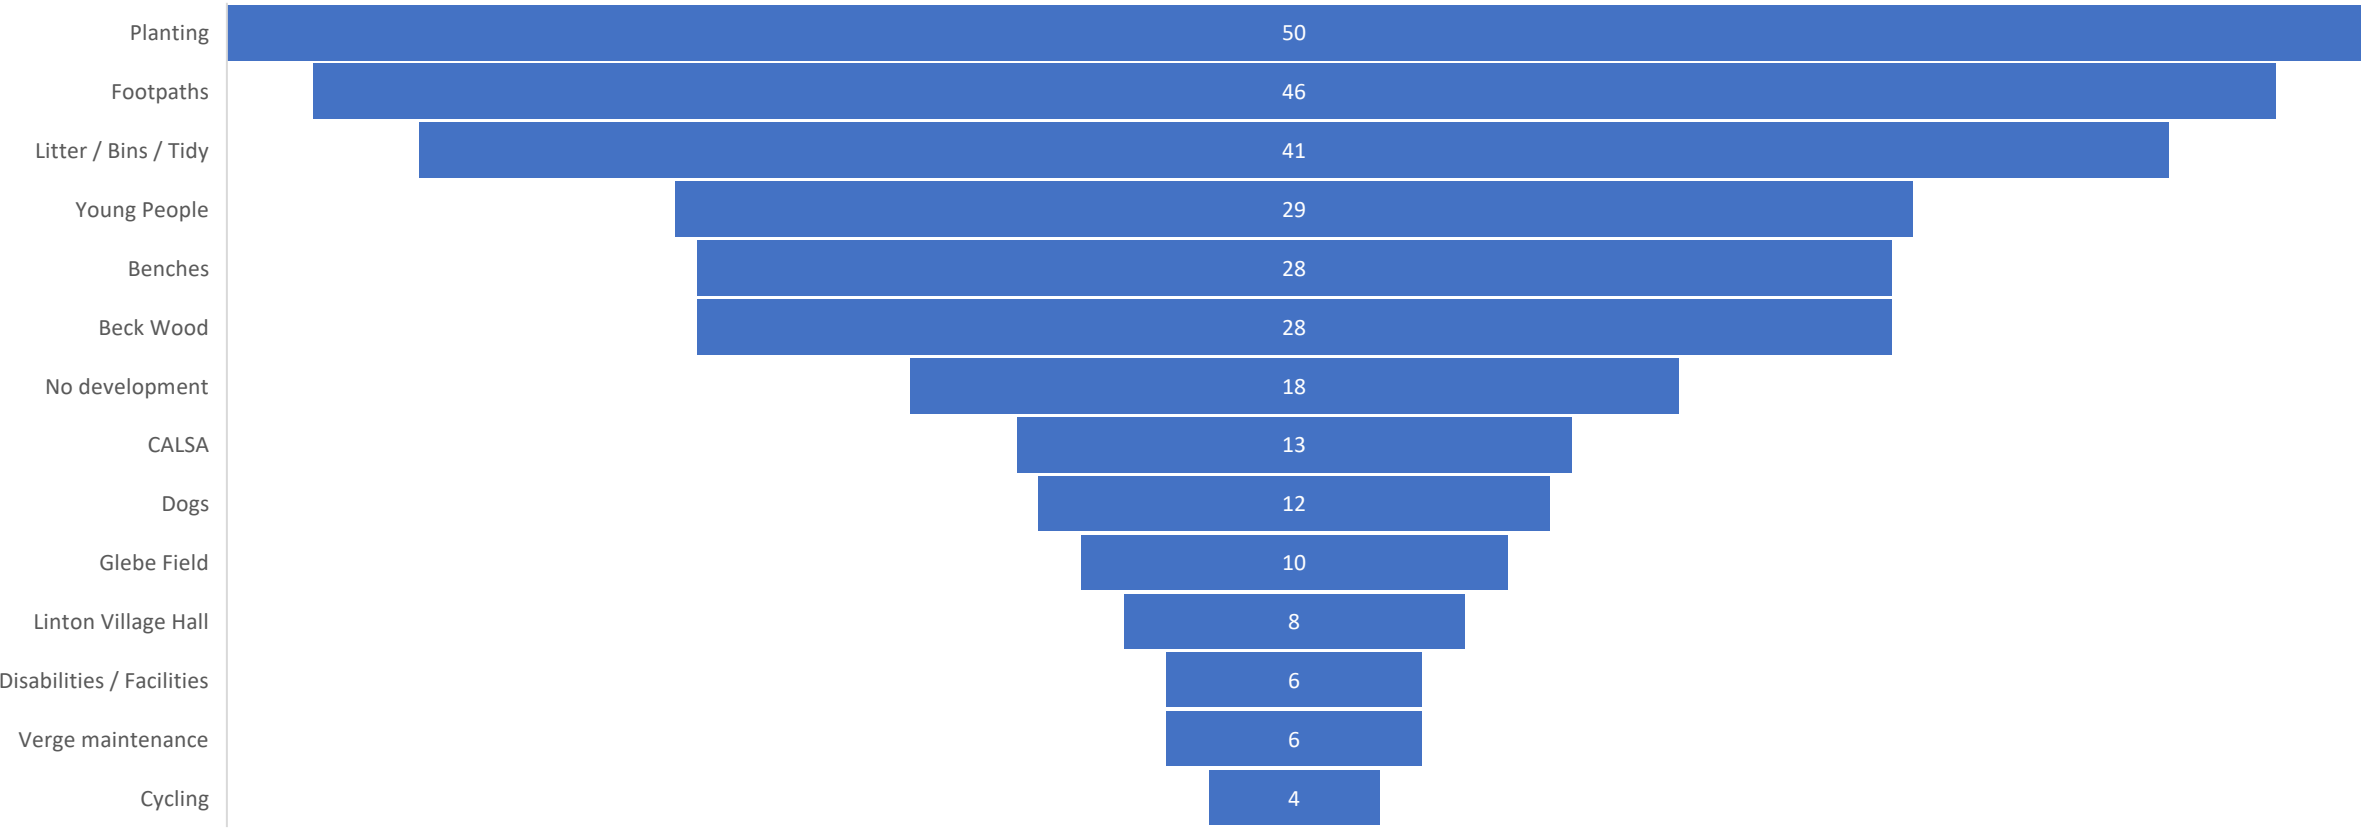

Q4. Open Green space is precious to our community. Do you want to see any improvements to these areas in the future?

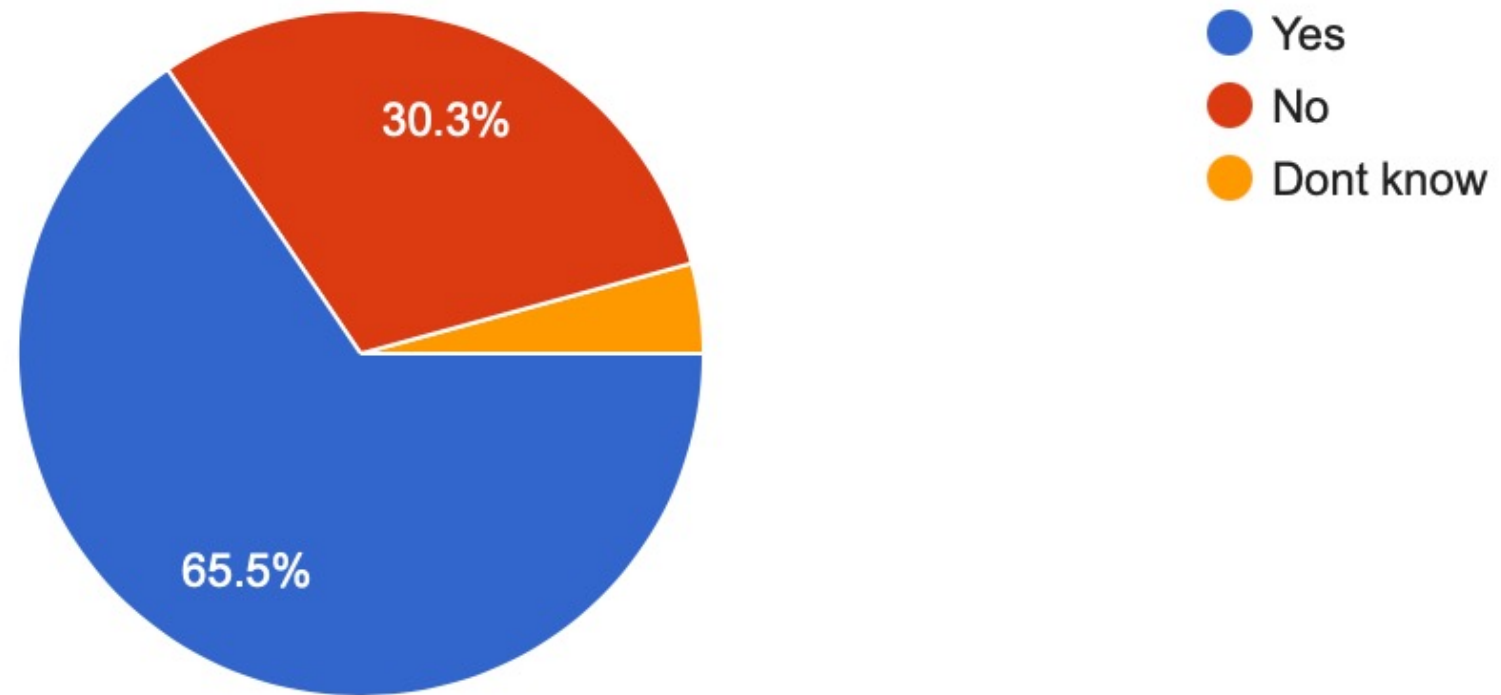

Q5. Use this paragraph to make any comments around improvements that you would like to see regarding any Green space in our villages.

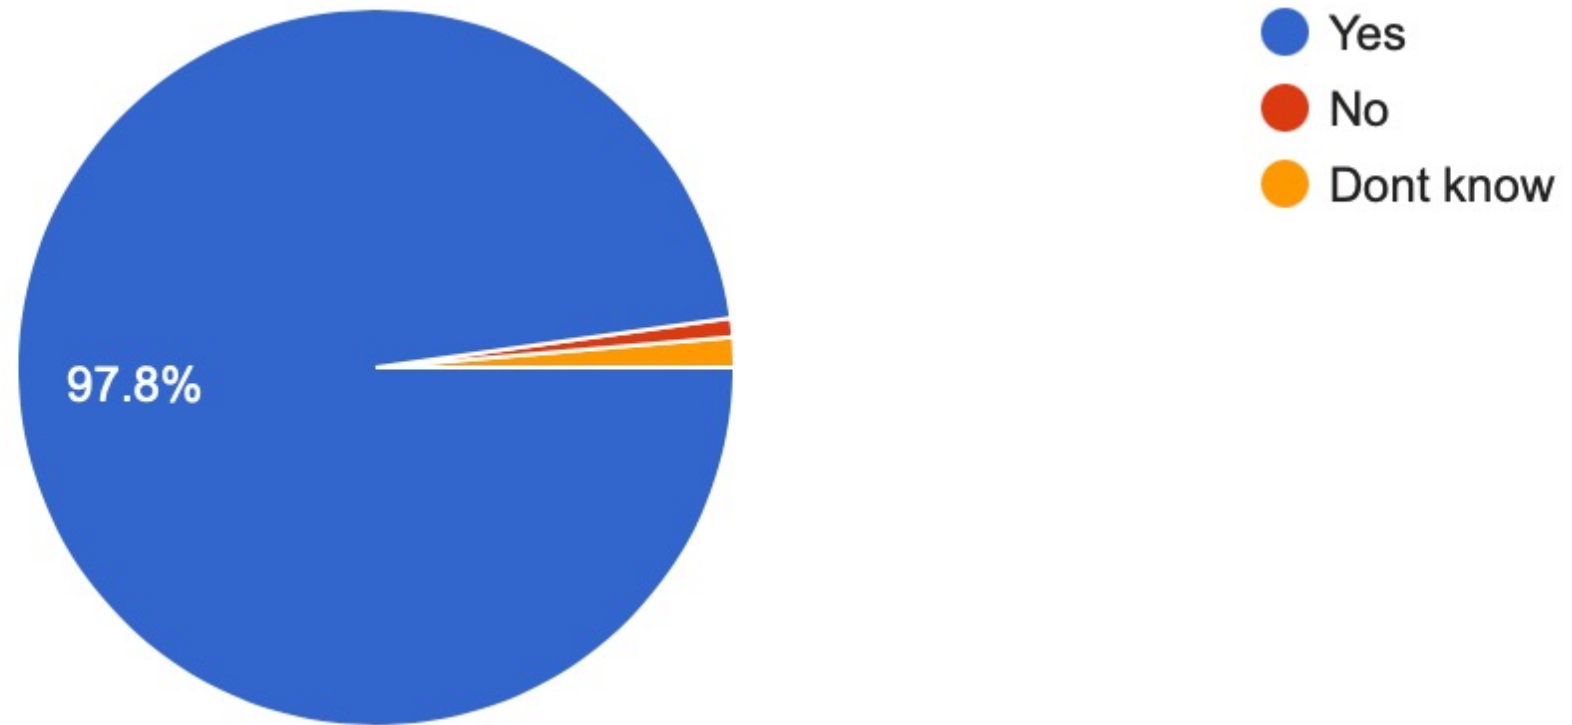

Q5 - Improvements to Green Spaces

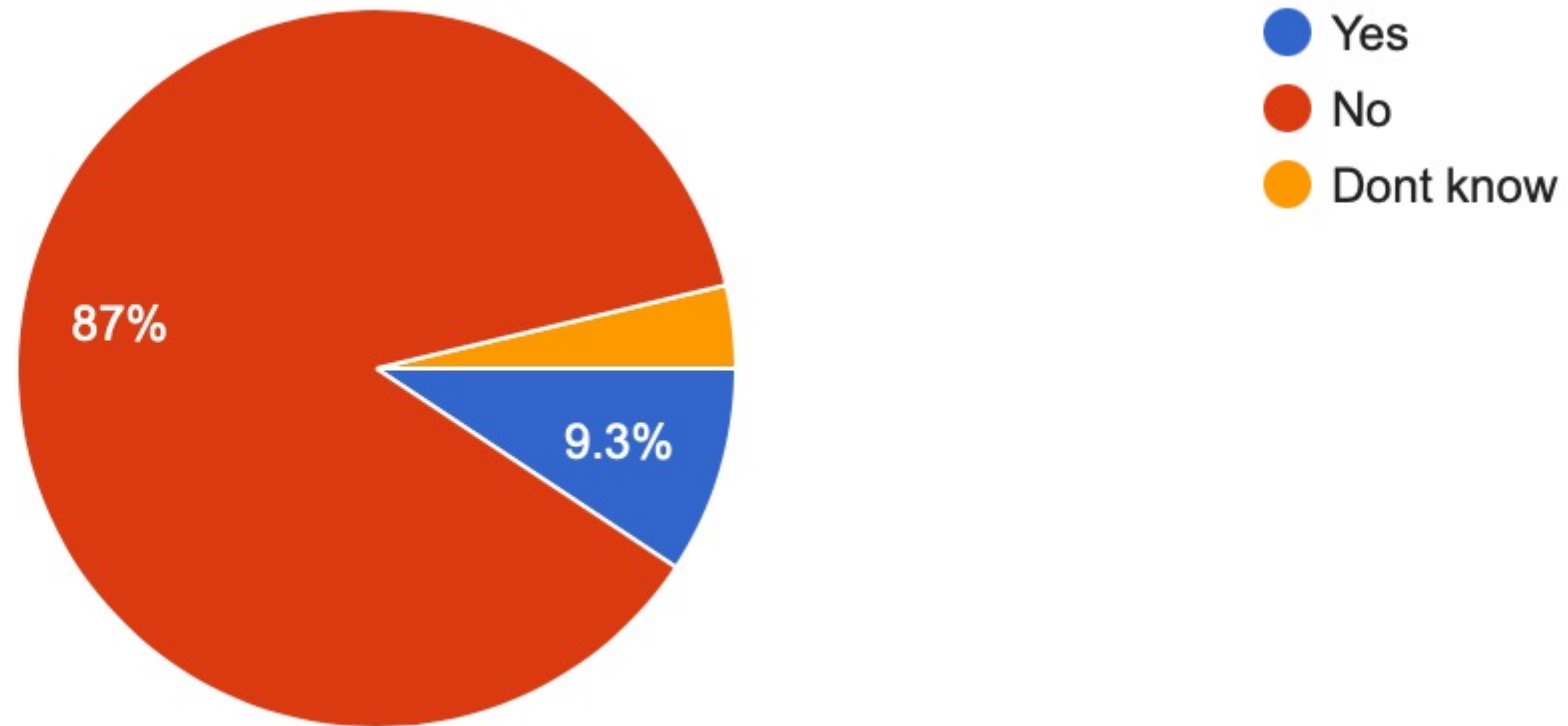

Q6. Beck Wood proved a very popular attraction during this summer and there are pros and cons to this. Do you support your Parish Council in improving facilities such as additional seating and paths at this location for public enjoyment?

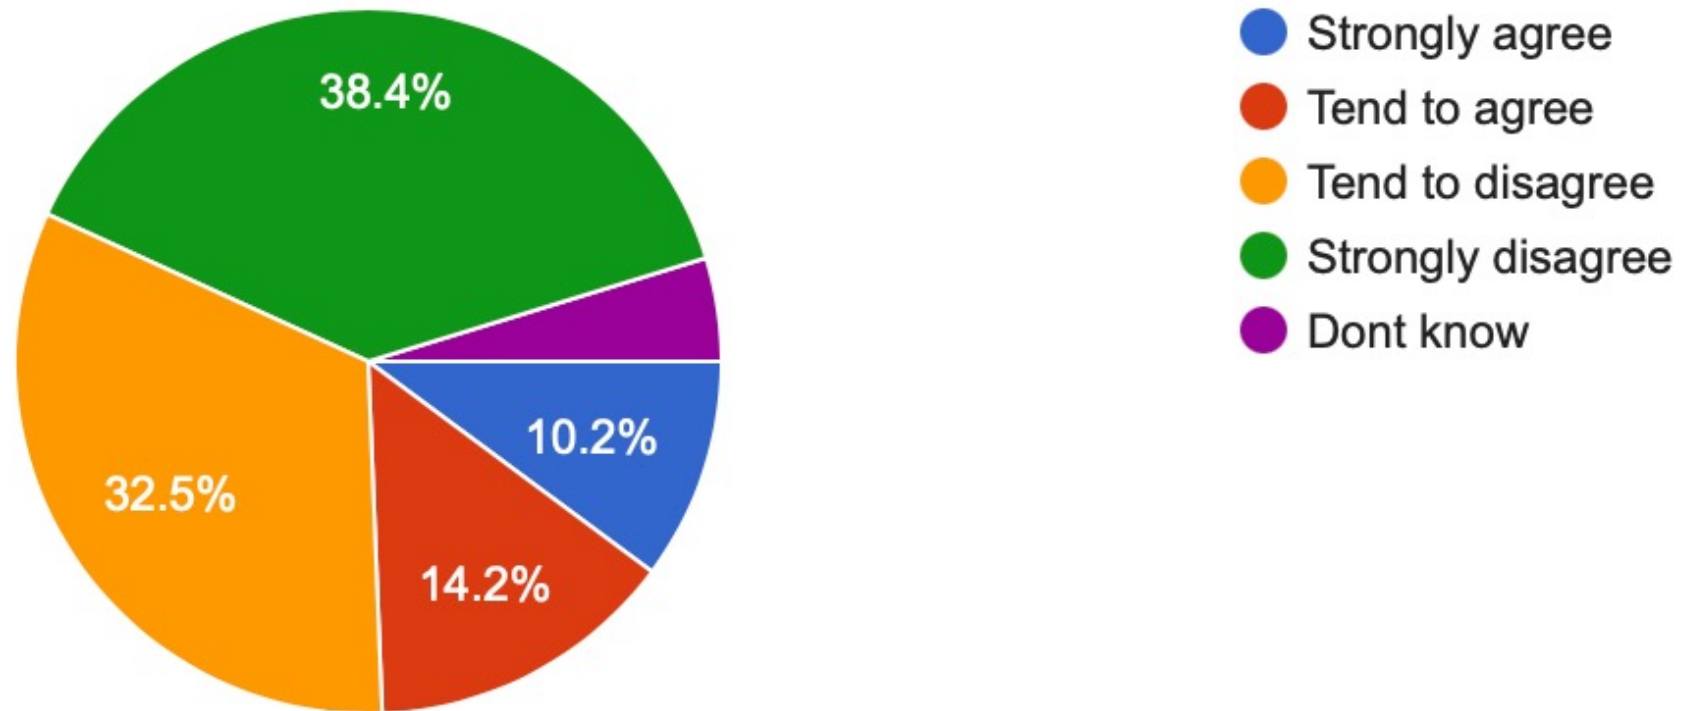

Q7. Do you think Beck Wood should largely remain a natural wooded area?

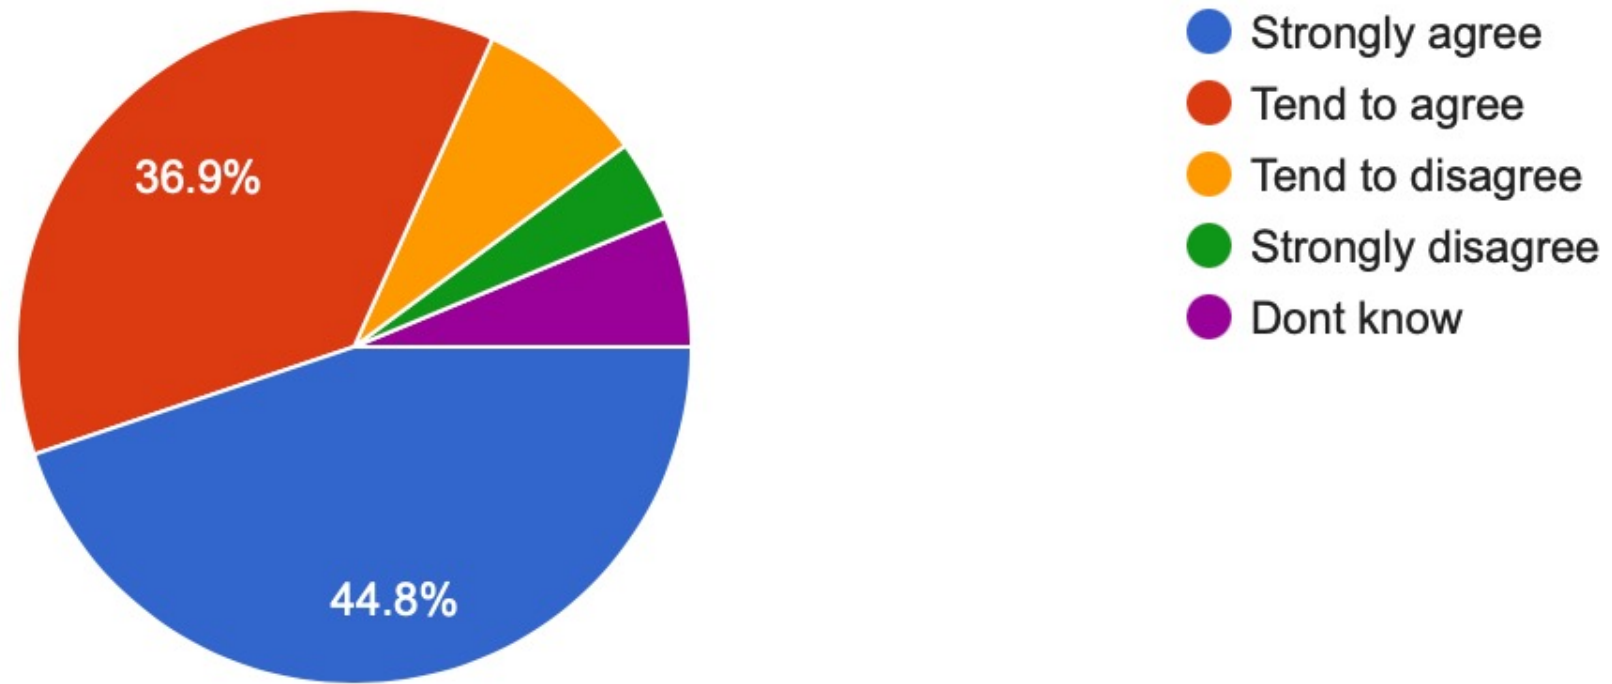

Q8. Would you be supportive of removing vegetation to increase parking?

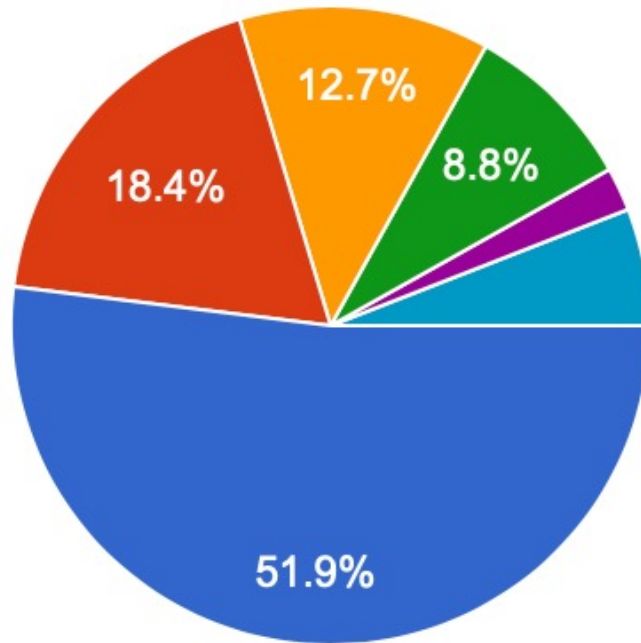

Q9. How much do you agree or disagree with the idea that the car park should be closed permanently.

Q10. Glebe Field (the green area adjacent to Collingham Saint Oswalds Church and Orchard Garden) mortgage payment completes in 2025. How much do you agree or disagree that the Parish Council invest a similar annual sum (19k) to purchase other land for the enjoyment of the community?

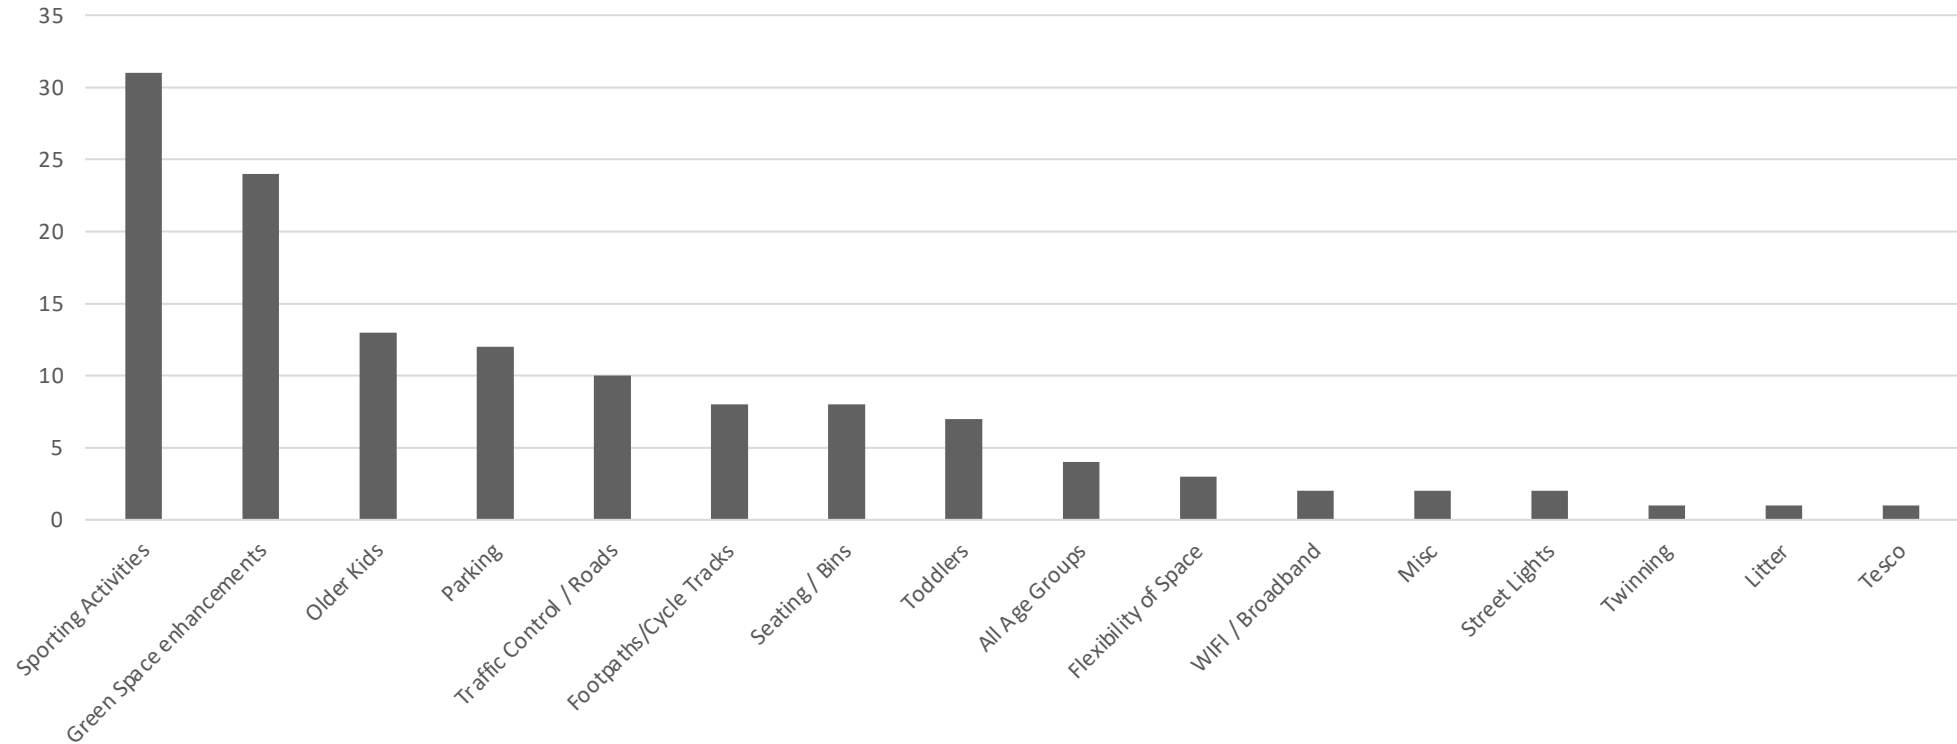

Q11. Consider the options below and indicate your preferred choice. Please choose one only.

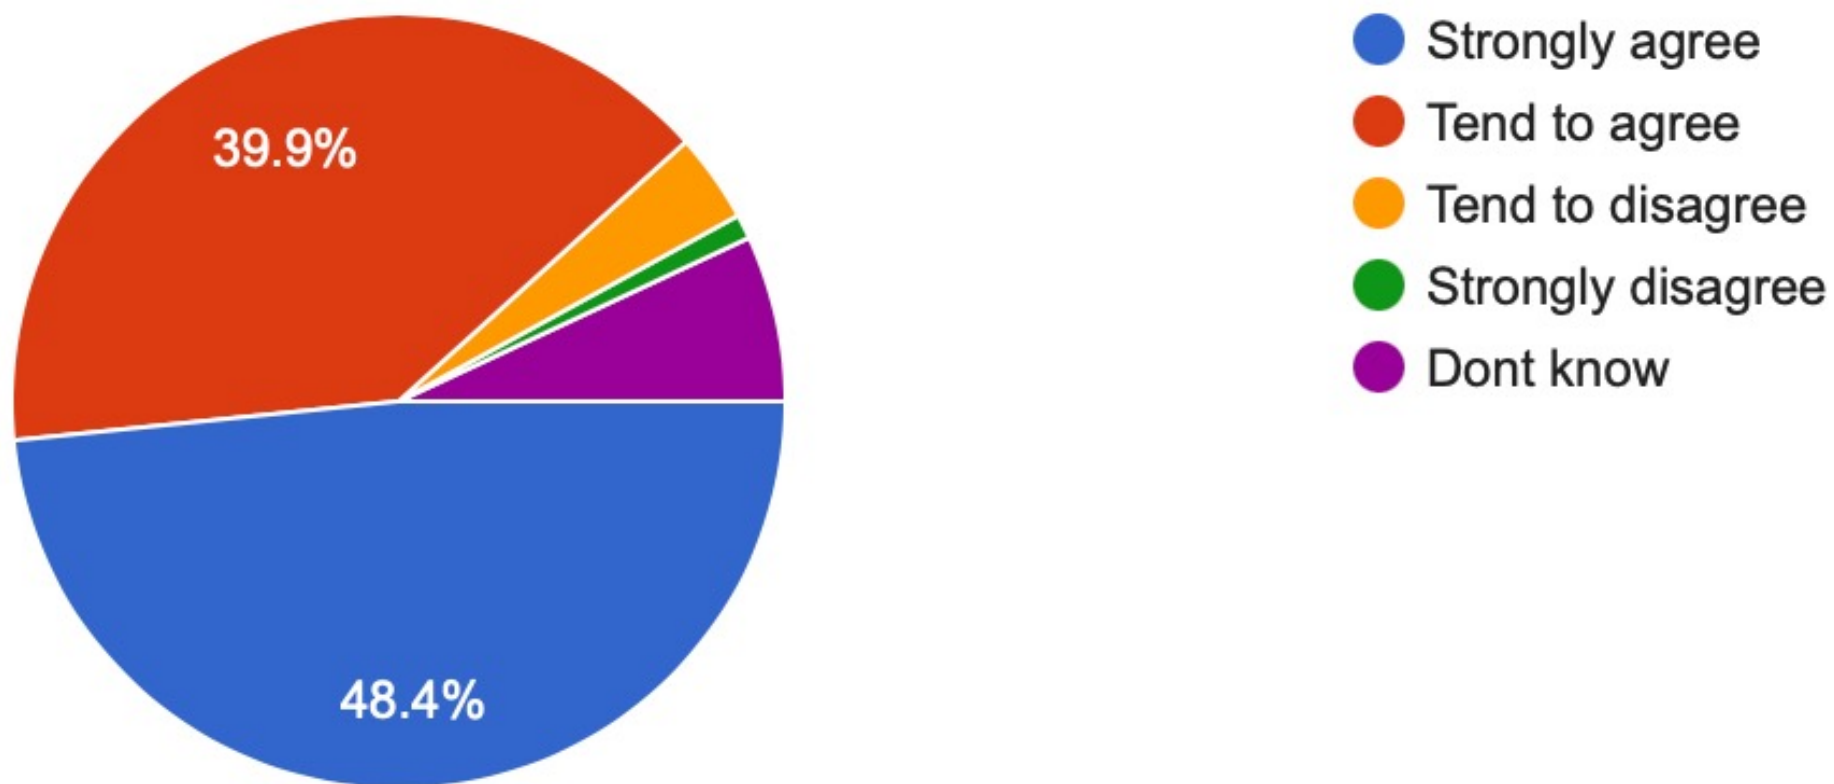

- Option 1 - Multi use games area
- Option 2 - Re-instate the football pitch
- Option 3 - Play area for our toddlers - for ages 1-4
- Option 4 - The Padel tennis court
- Option 5 - Additional car parking
- Option 6 - Dont know

Q12. If you have any other ideas which your Parish Council could consider please use the space below to tell us.

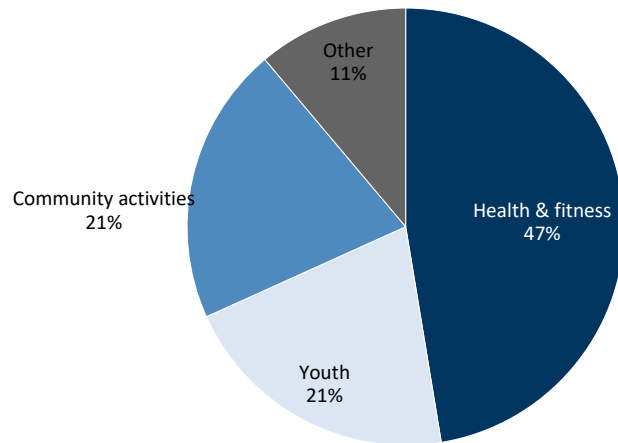

Q13. There are a variety of clubs and community groups across the villages to keep us busy.
To what extent do you agree they are important to you and your health and well being?

Q17. The Parish Council should do all it can to reduce the volume and speed of traffic within both villages. To what extent do you agree with this statement.

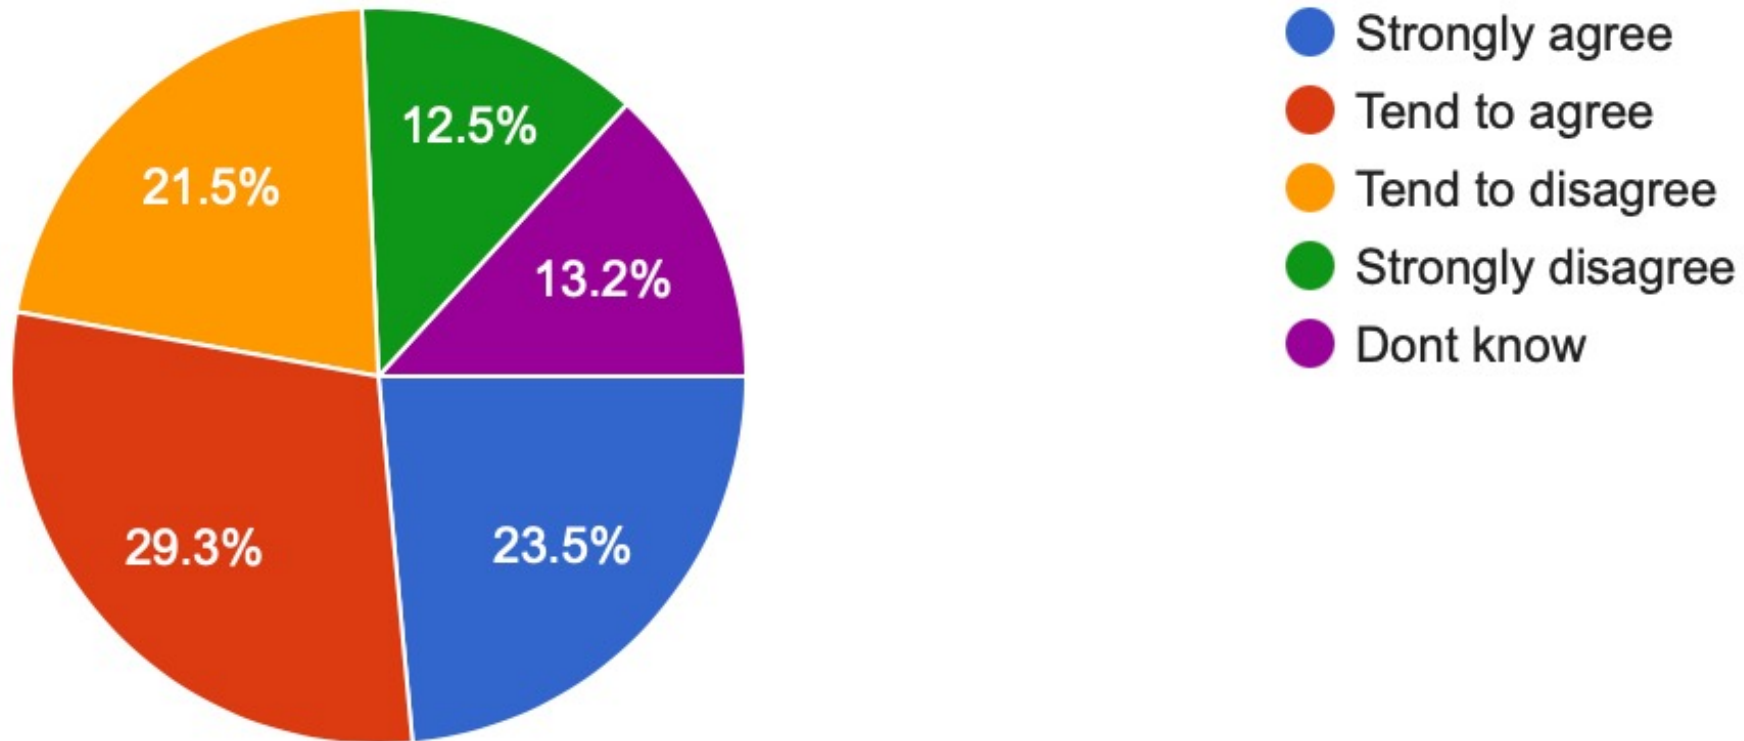

Q18. Main Street from Linton Bridge to the Windmill Inn is narrow and dangerous, particularly in front of Mougins Cottage where no footpath exists at all. A scheme to reduce this road to single lane traffic is possible at a cost of around 56k for traffic signals. Do you agree that the Parish Council should lobby Leeds City Council to deliver this project?

Q19. Please use the space below to share with us any alternative ideas, to enable footpath access along Main Street and slow traffic down.

Q20. Residents have asked for a new crossing of the A58 in the vicinity of Millbeck Green and Crabtree Green. The cost is estimated at 21k. To what extent do you agree or disagree that the Parish Council support this project?

Q21. Not all our roads are wide enough to take a crossing but if it was possible where else would you identify a need.

Crabtree Green (10)

Wattle Syke (9)

Jewitt Lane (32)

Church Lane (22)

Linton Road (17)

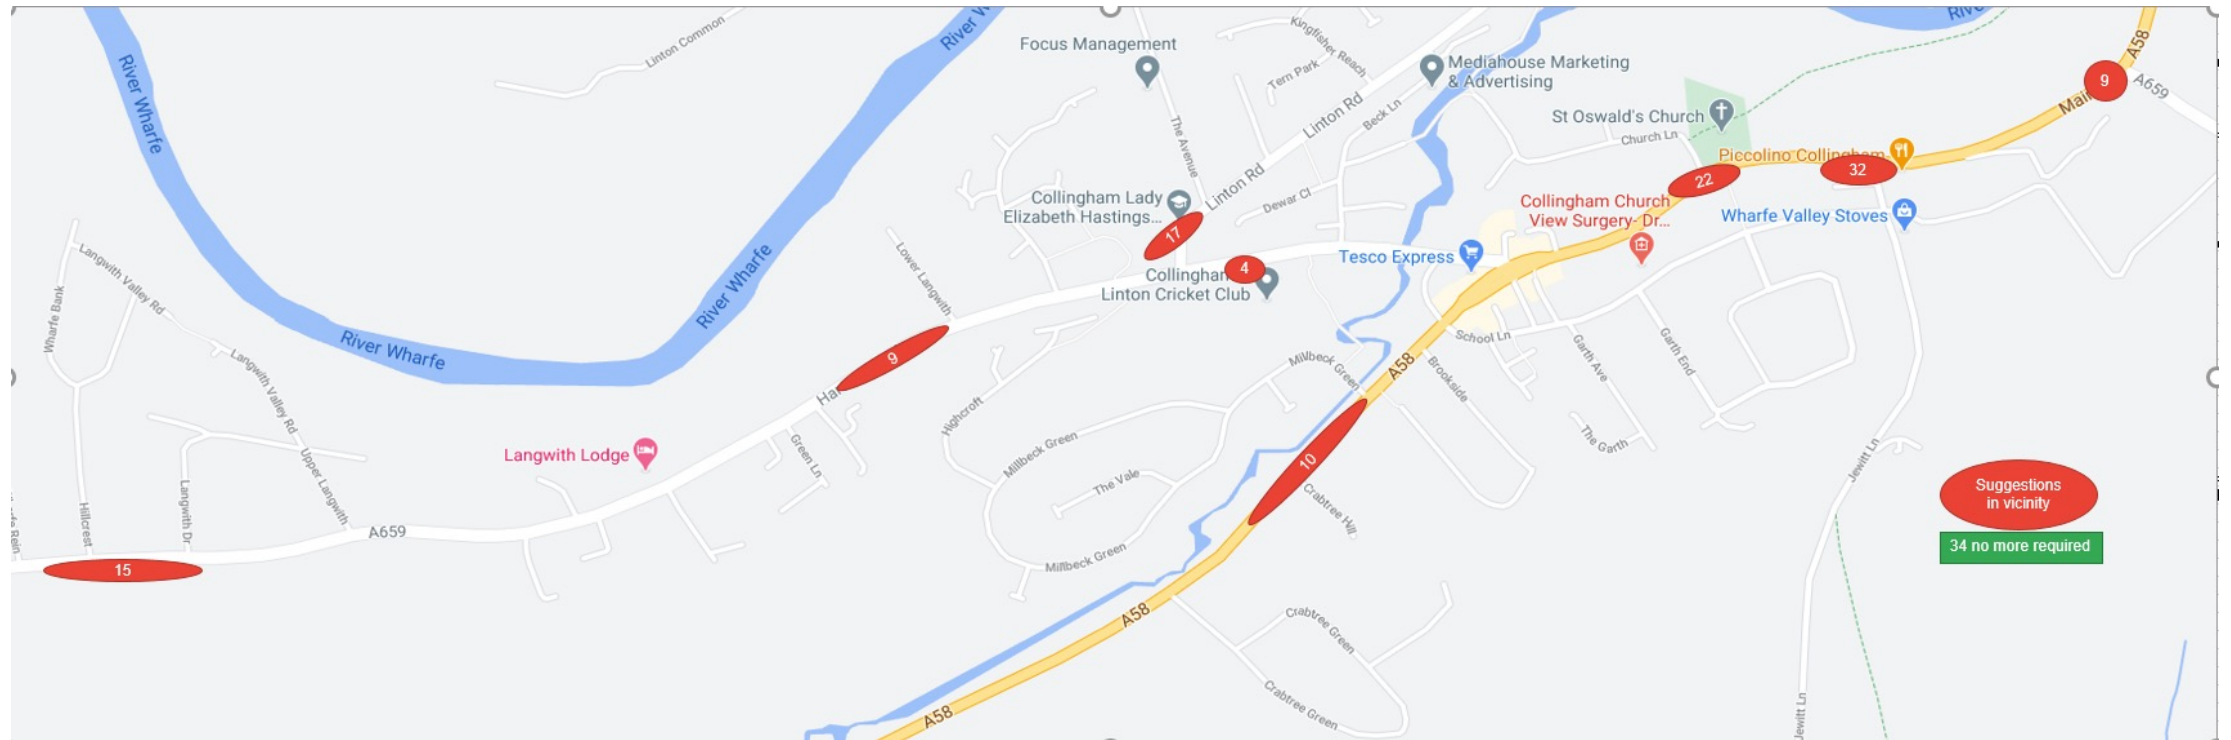

CALSA (4)

Upper Harewood Road (15)

Q21. Not all our roads are wide enough to take a crossing but if it was possible where else would you identify a need.

Q22. Beck Lane Collingham and its exit onto Linton Road should be closed, preventing Beck Lane being used as a cut through to Harewood Road. To what extent do you agree with this statement.

Q23. Do you think the Parish Council should use funds to remove weeds from footways and repair the surface?
This is Leeds City Council responsibility but given a shortage of funds is unlikely to happen.

Q24 Tell us a particular footway in need of maintenance...

Collingham

Paths & Pavements along Harewood Road are the most highlighted by residents

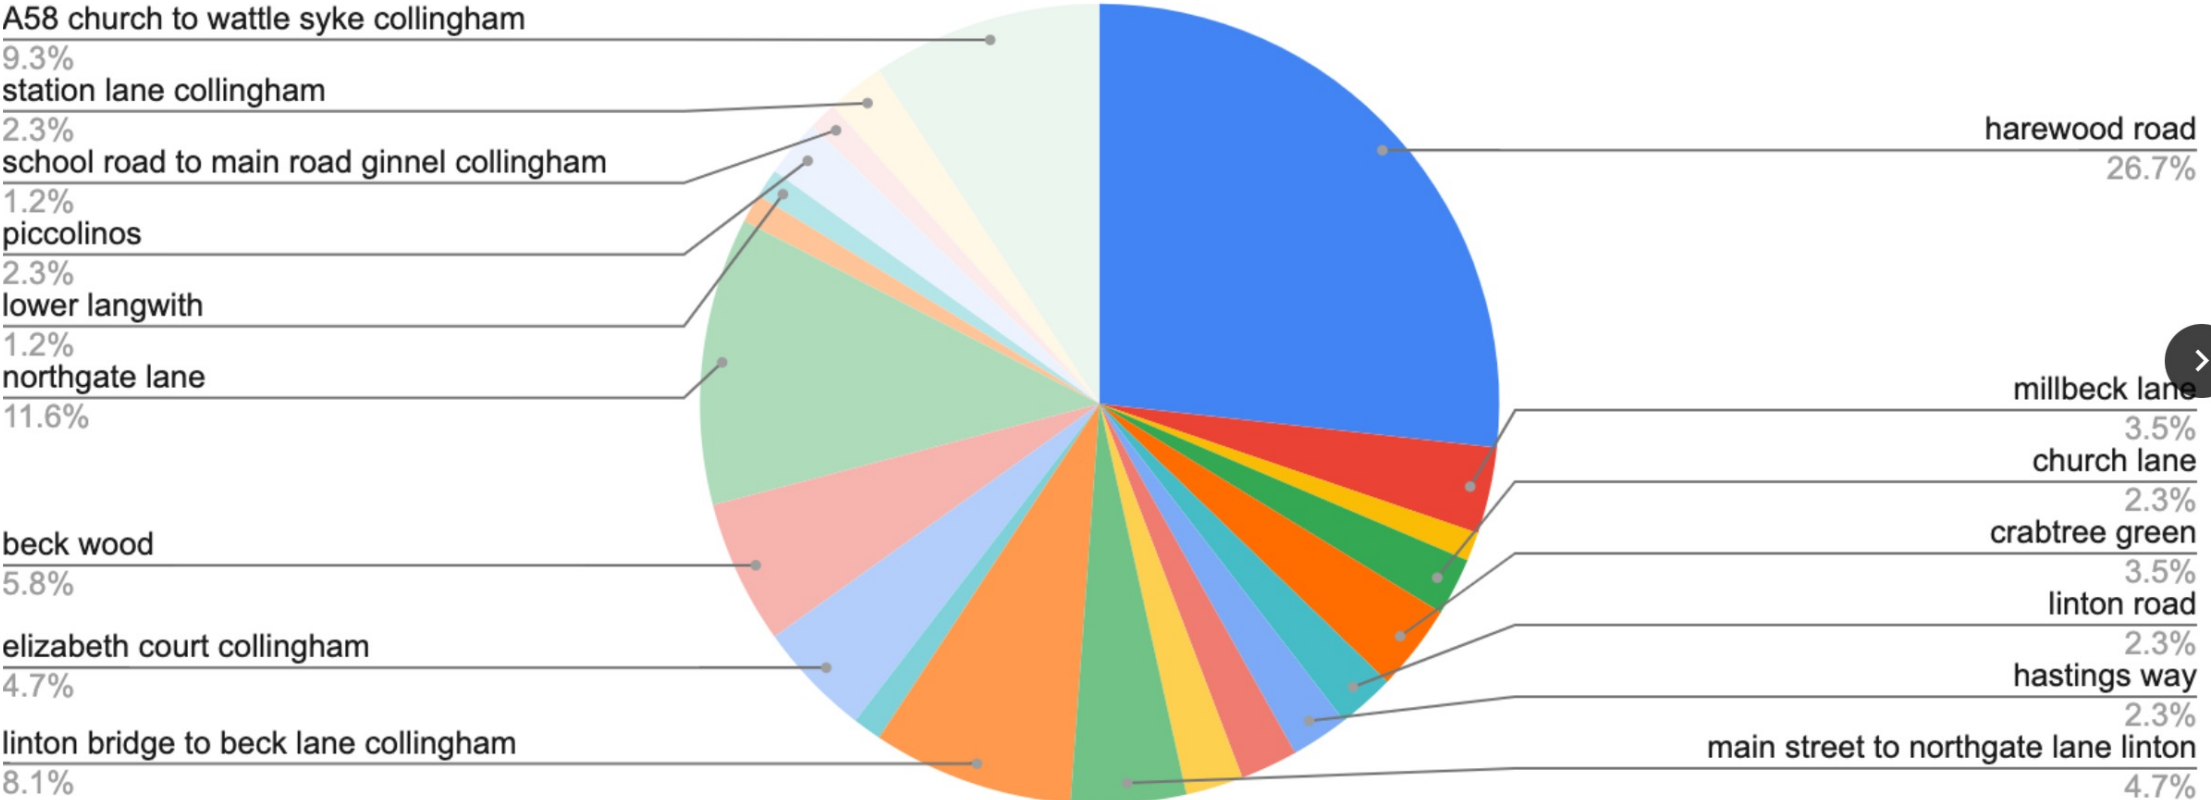

Linton

Main Street and Northgate Lane

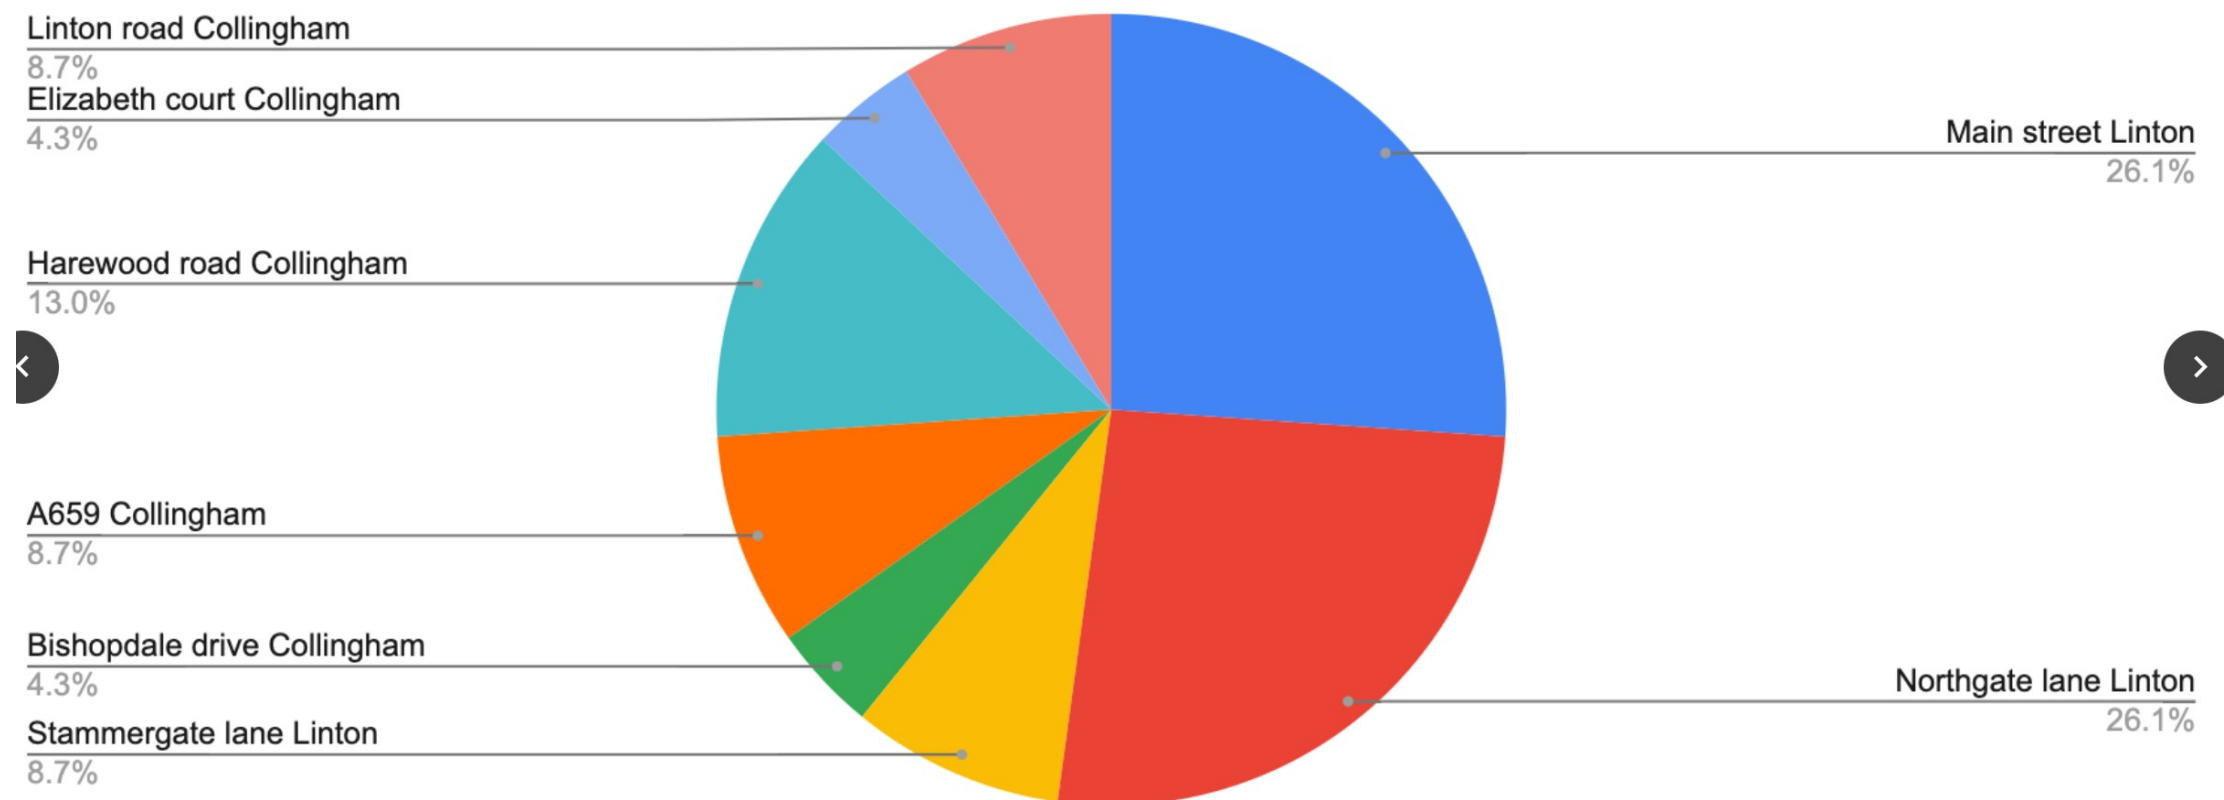

Linton
Bridge to
Beck Lane

Winter months concerned many residents due to being a slip hazard

Q25. Our public footpaths and bridleways across the parish are easy to use and well signposted. To what extent do you agree with this statement.

Q26. Please use the space below to tell us which footpaths and bridleways are not easy to use or well signposted

Q26 Footpaths

Q26. Please use the space below to tell us which footpaths and bridleways are not easy to use or well signposted

Wetherby Golf Course to Collingham

- High demand for a pavement that links through Linton

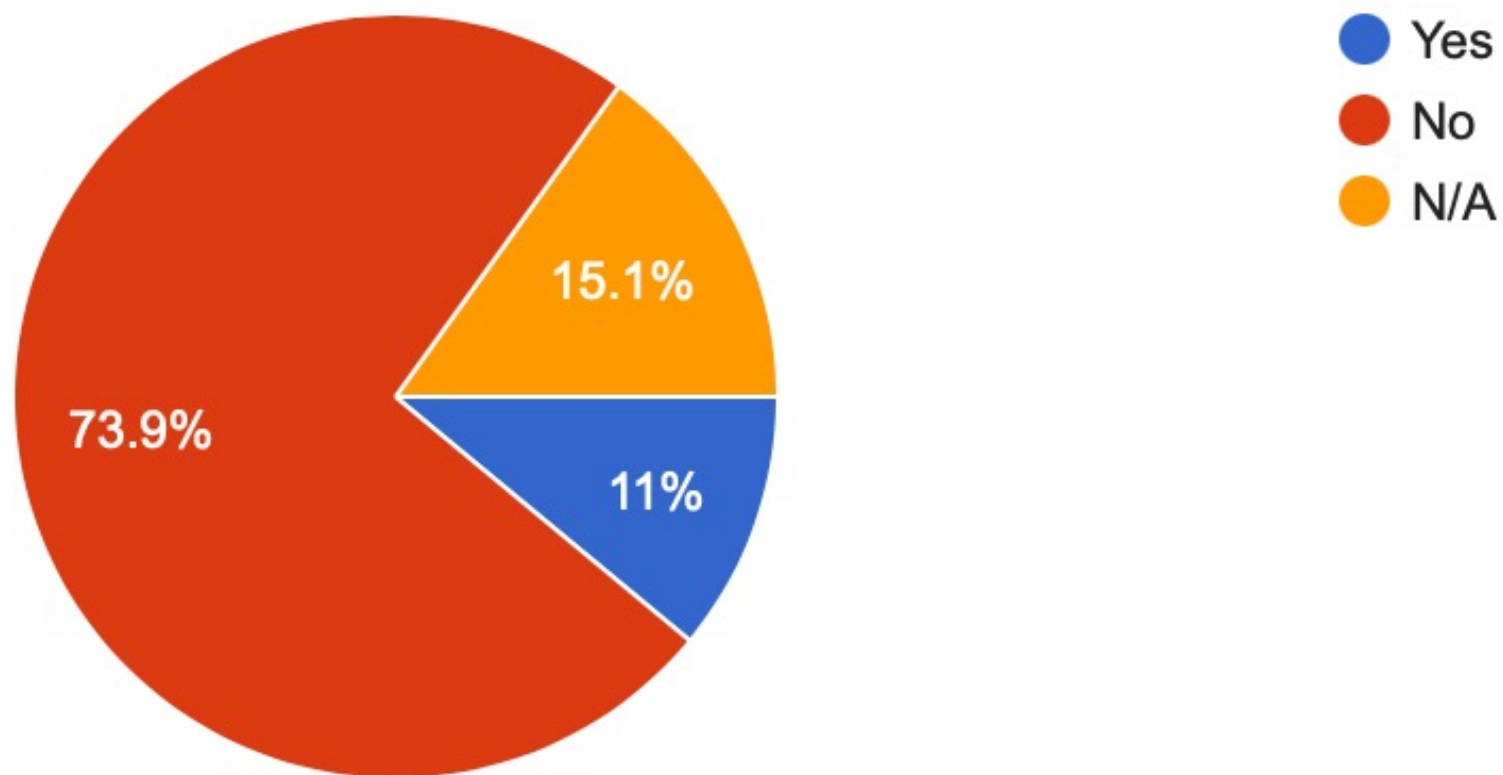

Trip Lane towards Sicklinghall

- Route very popular but not obvious

Residents requested

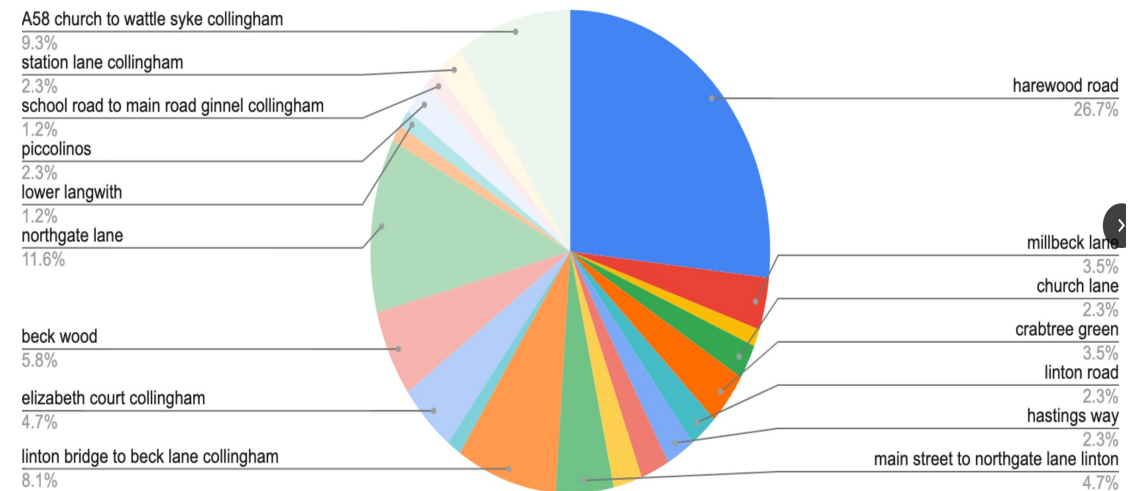

- Lots more signposting across all areas
- Maps to be made available for walks

Q27. As a general rule footpaths are marked by wooden footpath signs, way-marks or posts.
Have you noticed any signposting that are either damaged or missing?

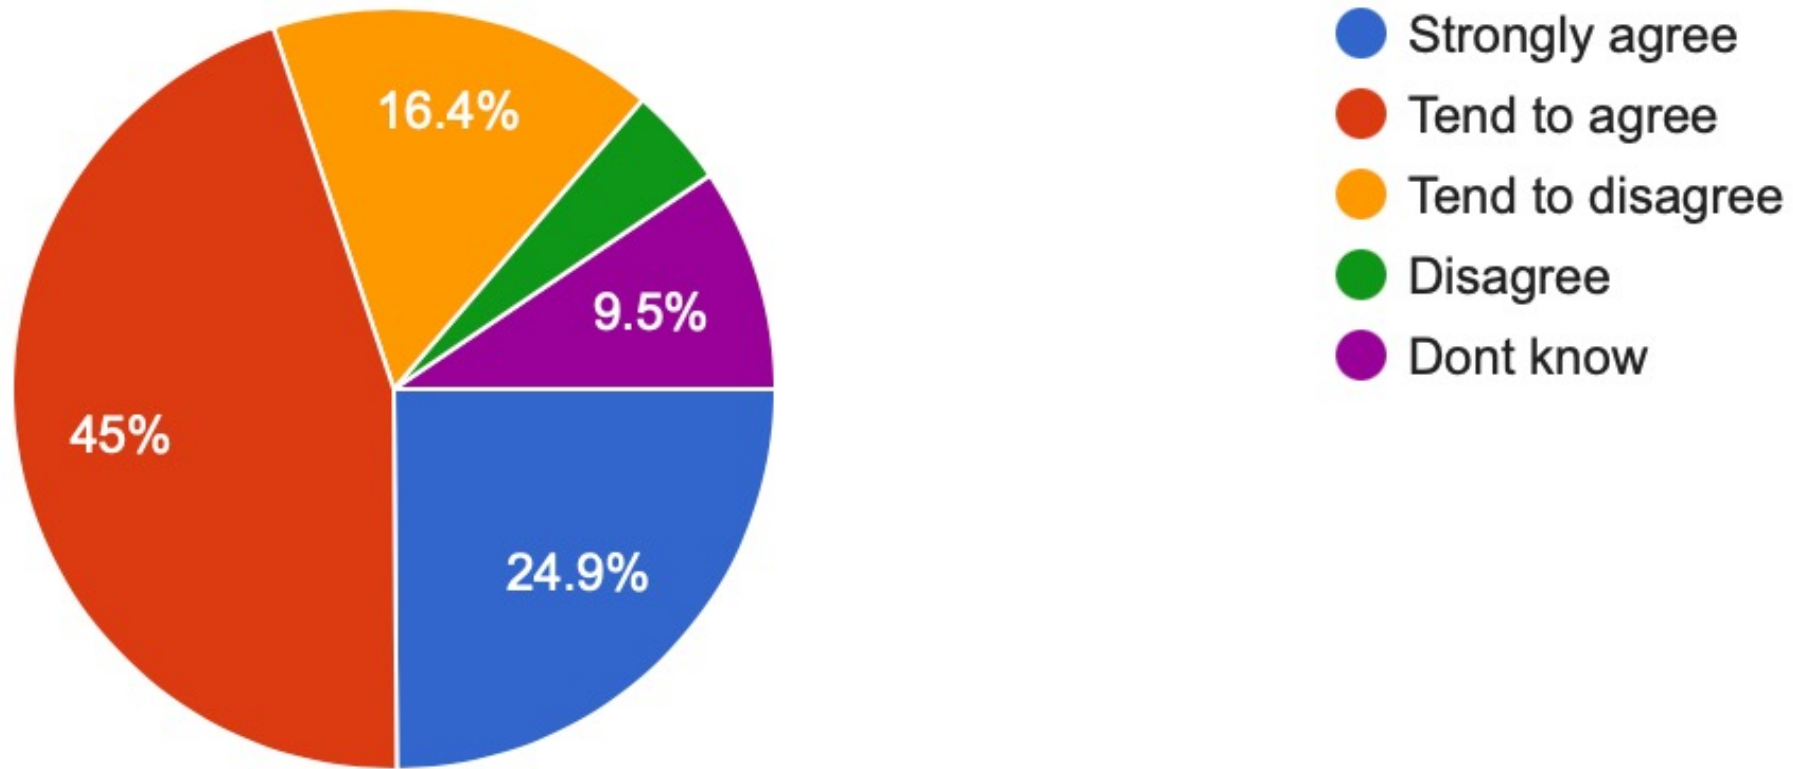

Q28 Identify where signposts are missing or damaged

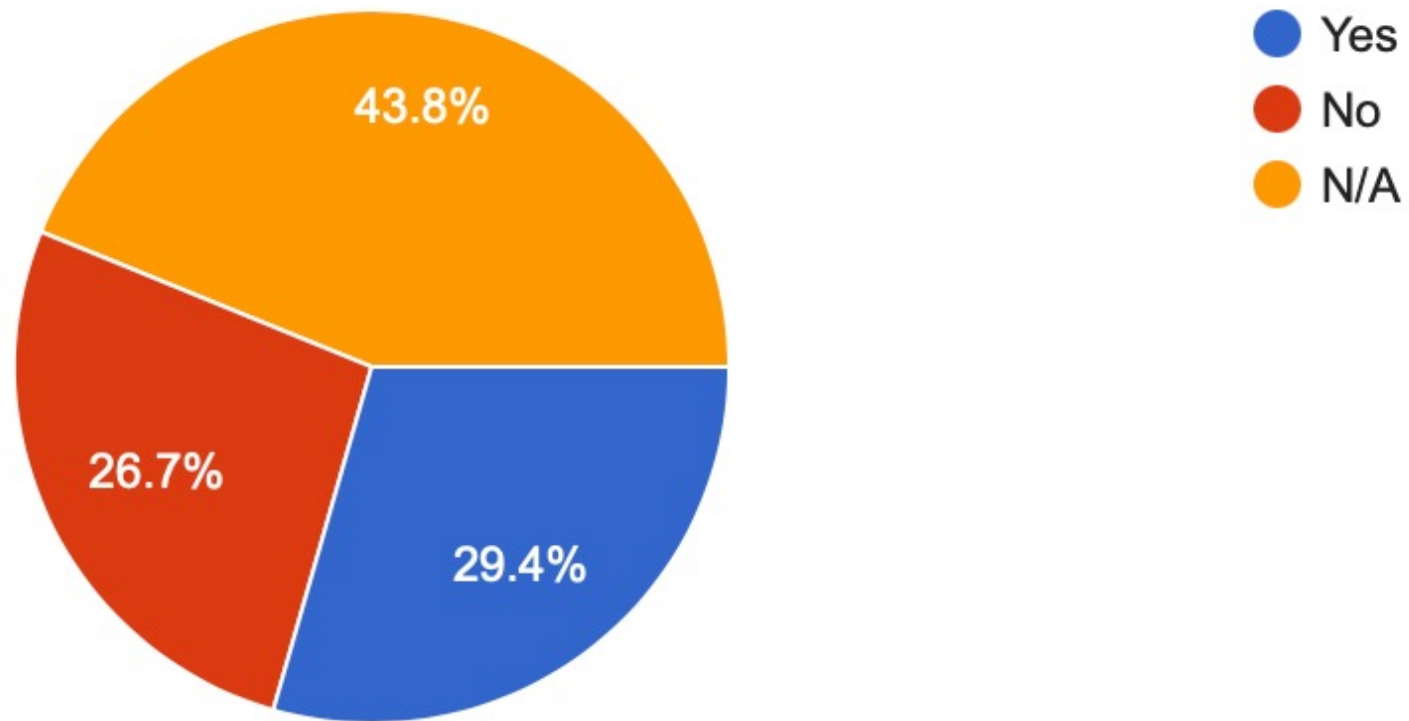

- Trip Lane to Sicklinghall
- All of Compton area
- Opposite The Lodge on Northgate Lane the farm track towards Sicklinghall is not a defined path but well used for circular walks -to be investigated

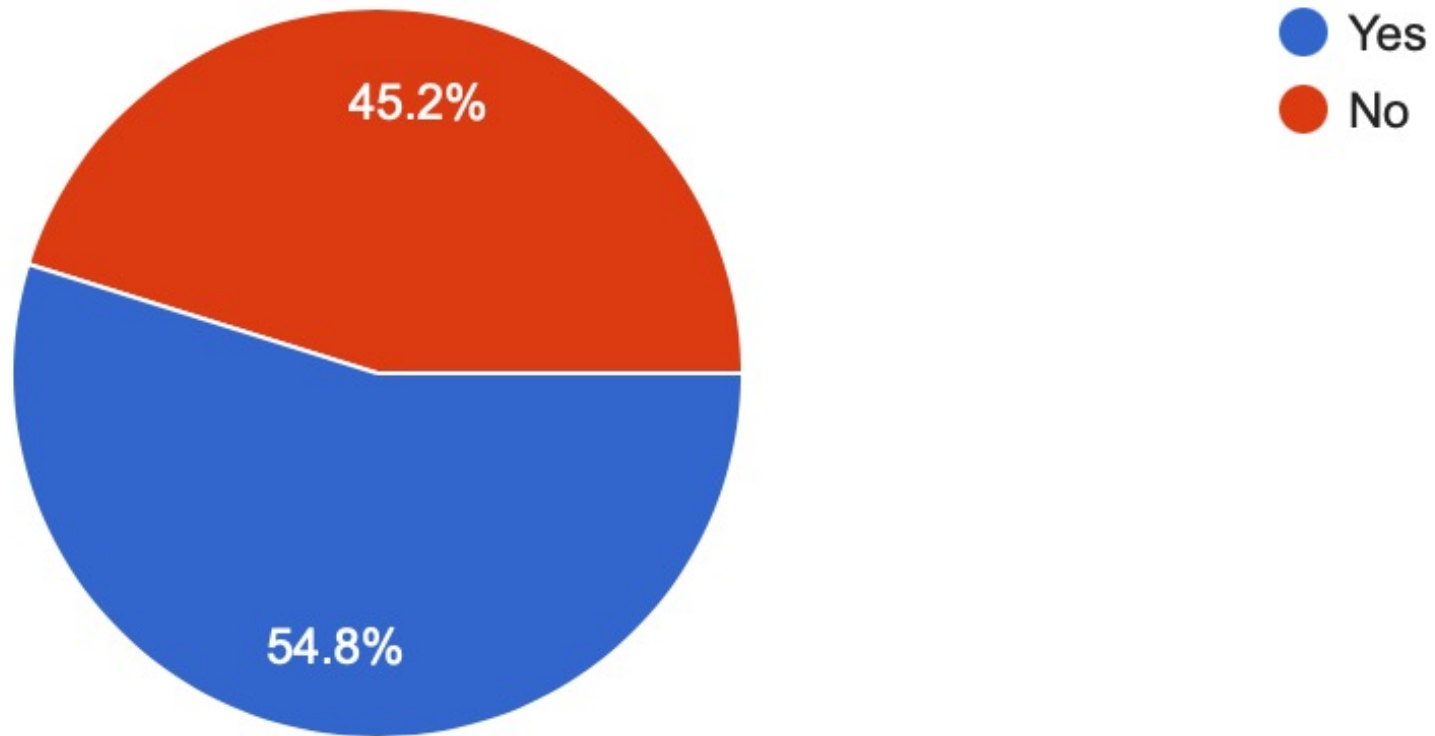

Q29. The Parish Council should investigate spending money on improving existing footpaths. To what extent do you agree with this statement.

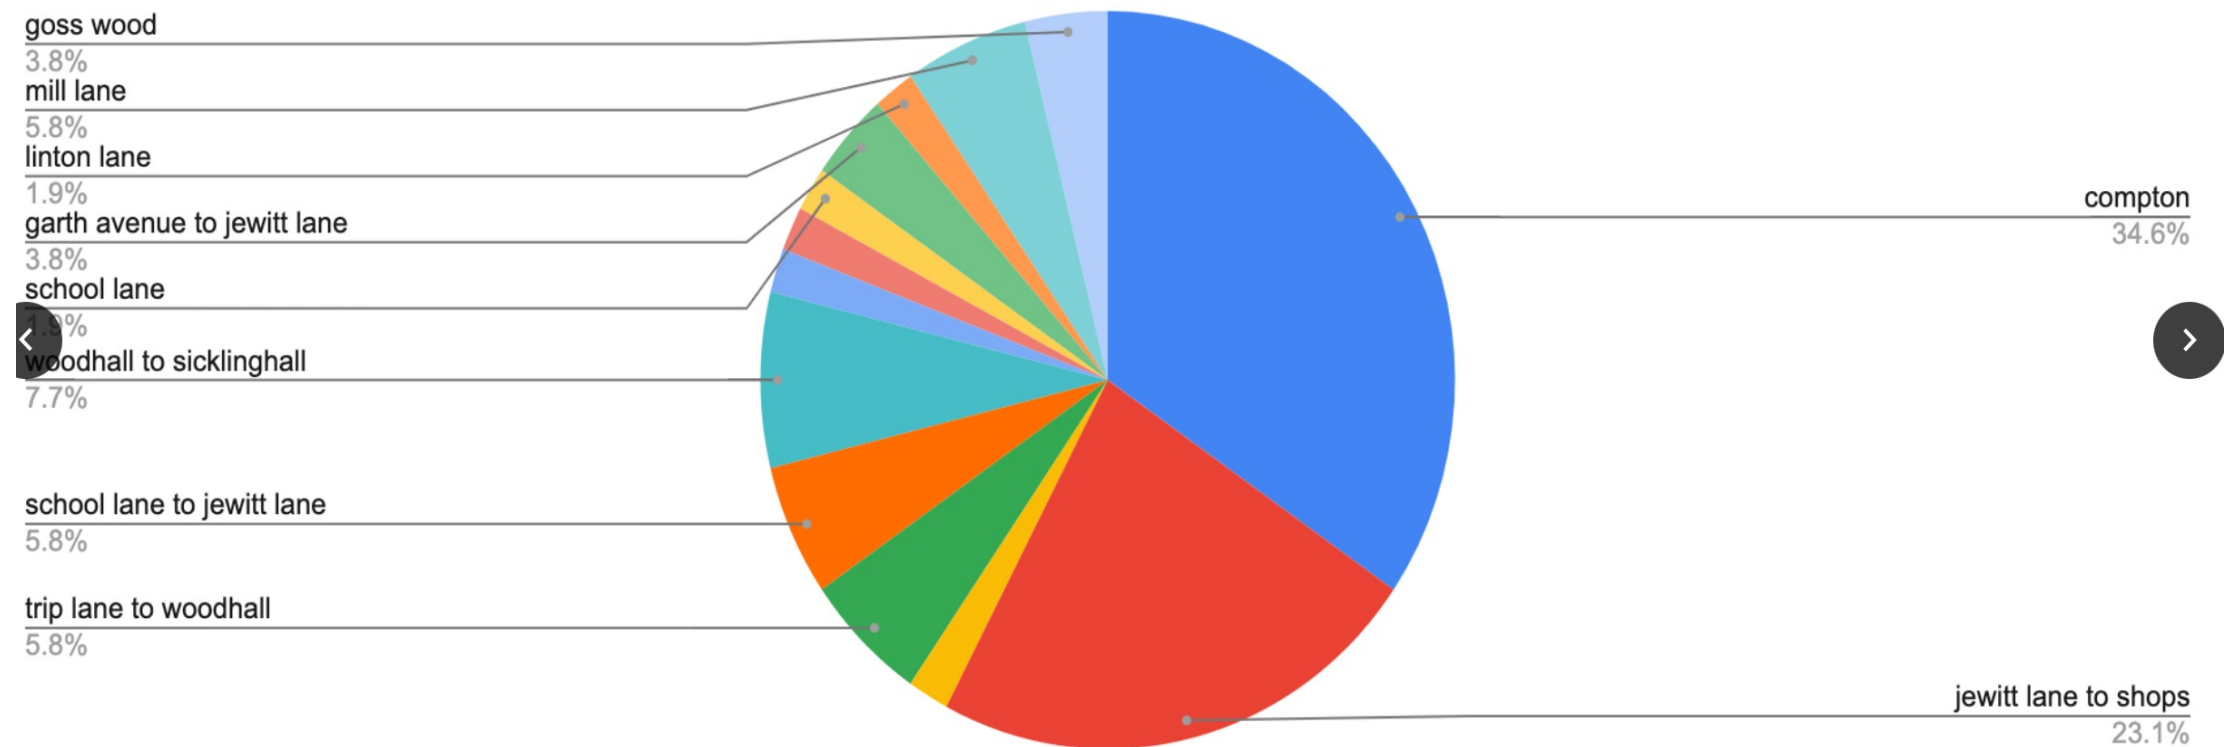

Q30. Where footpaths border the edge of a field they must not be ploughed. If they cross a field they may be ploughed, but a minimum path of 1 metre must be made within 14 days of ploughing.

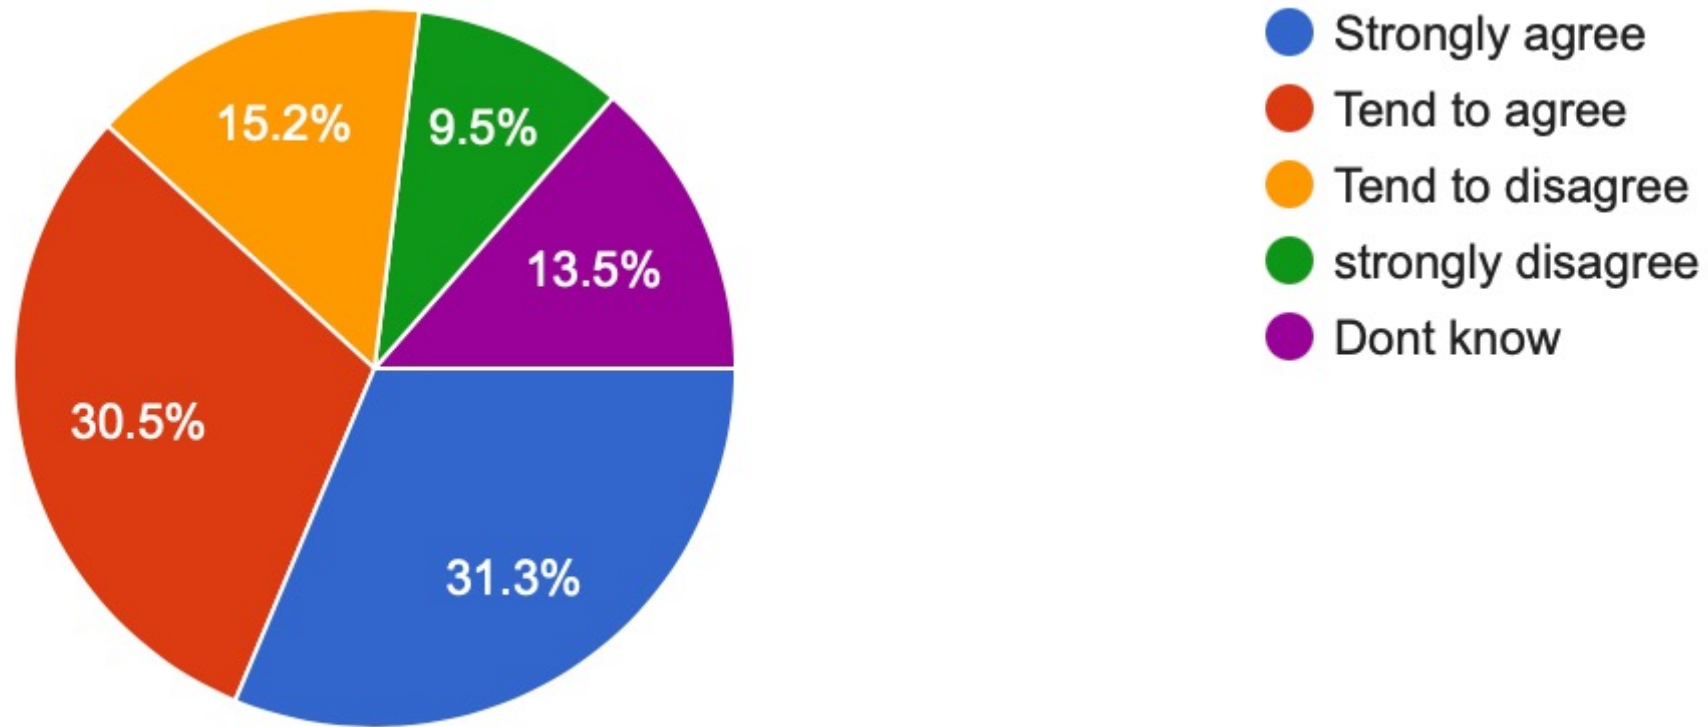

Q31. A bridleway is a footpath where there is an additional right to ride a horse or bicycle, with the path being 2 metres in width. Do you use bridleways in the villages?

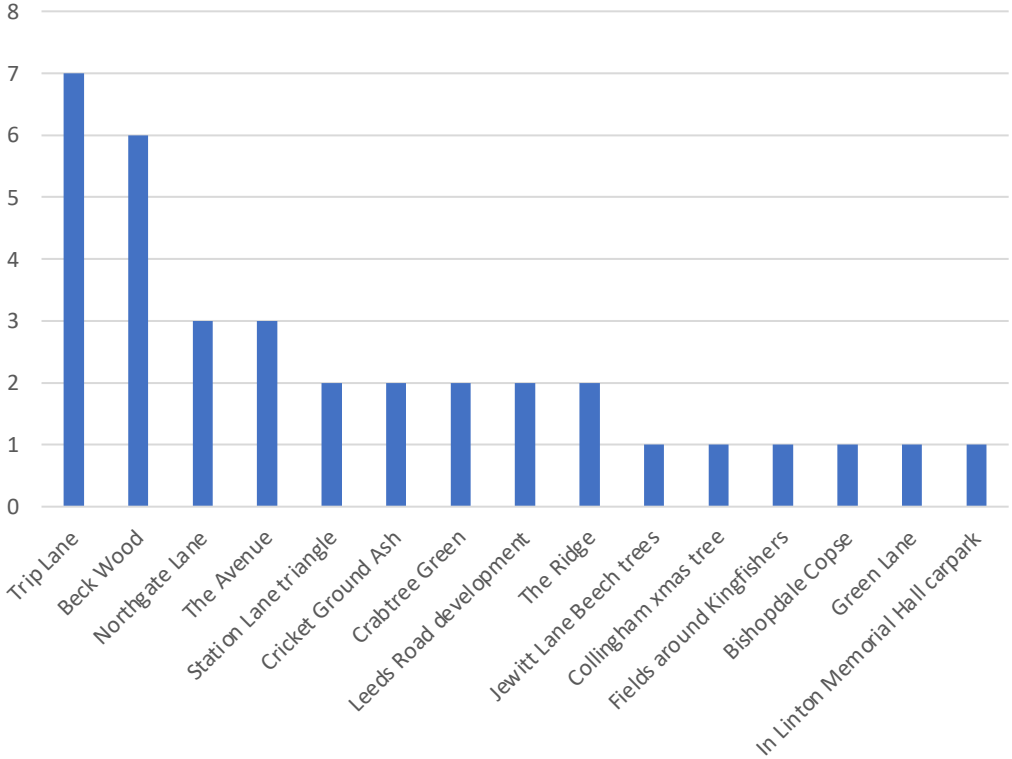

Q32 Please provide examples of where bridleways are narrowed or badly maintained

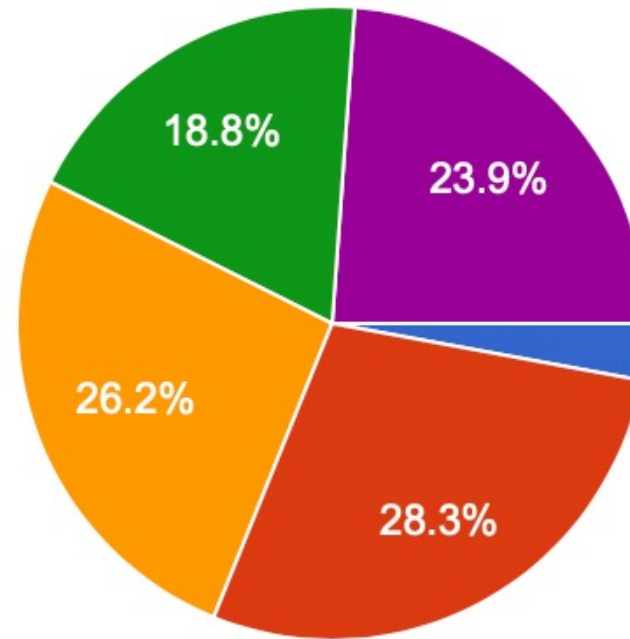

Q33. The Parish Council should invest in the wider infrastructure such as a cycleway linking Collingham with Bardsey on through Thorner towards Leeds. To what extent do you agree with this.

Q35. Local authorities retain control of trees that are covered by Tree Preservation Orders or are in a conservation area. They will also consider trees on private land that may benefit from having a TPO placed on them. Can you provide examples of trees that you think should be protected by a TPO?

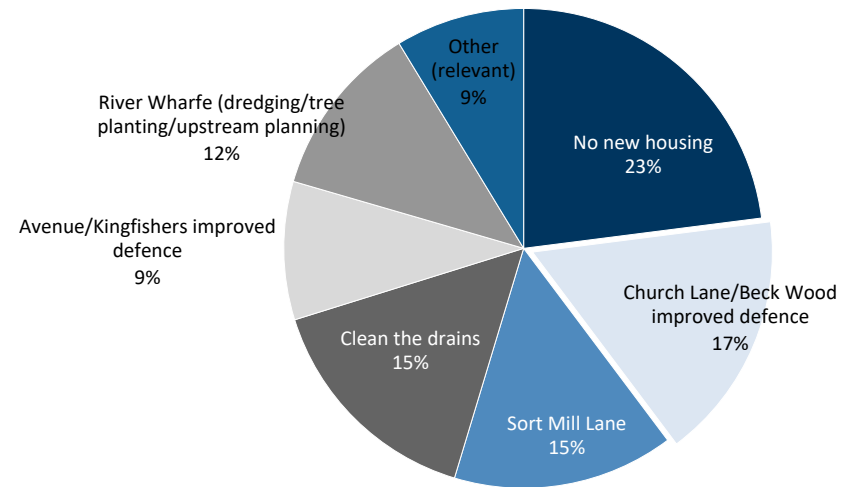

Q36. Some parts of both villages are subject to flooding and during extreme weather this can impact on our ability to walk around our areas, with public rights of way impassable and our properties affected. Whilst we are informed that solutions are being prepared by the Environment Agency and Leeds City Council, to what extent do you agree or disagree that current flood resilience plans are satisfactory?

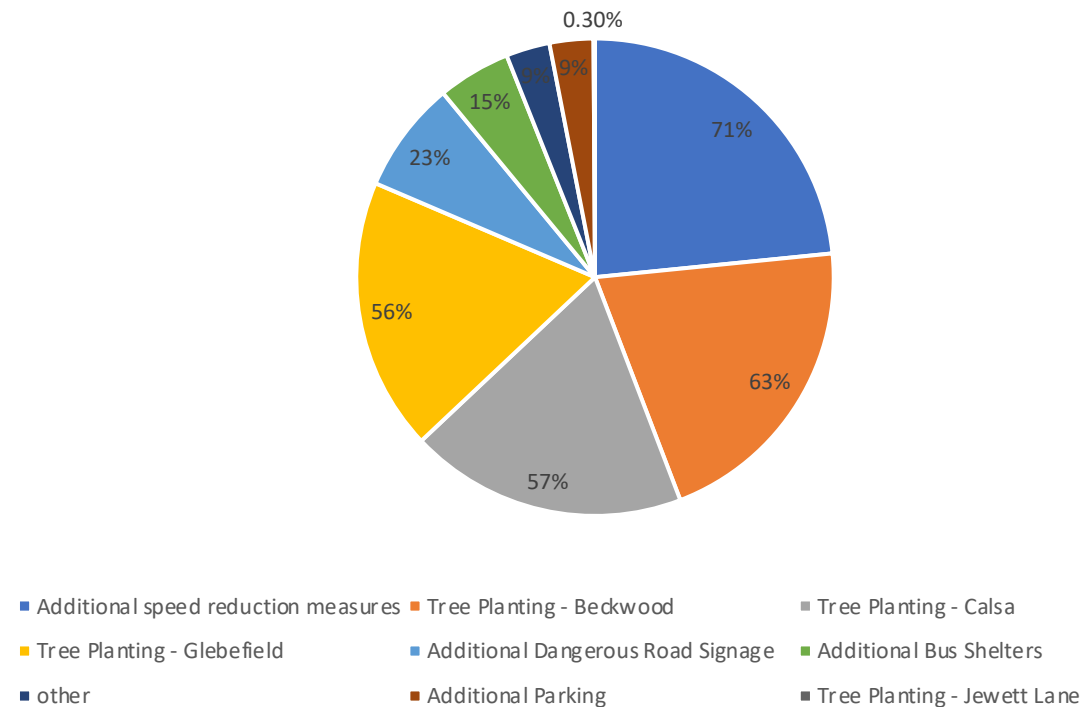

- Strongly agree
- Tend to agree
- Tend to disagree
- Strongly disagree
- Don't know

Q37. If you are dissatisfied with how flood resilience measures are being managed, tell us what you would like to be done which would make a big difference.
